ABOUT THE CORPORATE PROGRAM

lululemon is a purpose-driven brand and our values guide us in all that we do – from our business strategy and innovation, to how we connect and build our strong culture.

In our **Corporate Program** we offer technical and professional product options for your business needs.

*Note, inventory availability, dates and prices are subject to change. Campaign photography is for branding purposes and does not reflect Corporate Program assortment.

Wash & Care

Cold Wash, Air Dry:

Machine wash in cold water and lay flat to dry. This helps protect the life of the LYCRA® fibre and the shape of your gear.

Avoid Mixing Luon with Cotton:

Wash your Luon separate from your hoodies and towels. Cotton fluff (especially from towels) gets attached to Luon.

Taking Care of Bright Colours:

Wash bright colours alone before you wear them. Continue washing bright colours gear with similar colours.

Like with Like:

Turn your gear inside out and wash it with other synthetic fabrics. Avoid anything abrasive, such as denim or garments with zippers.

**Sweat-wicking Gear and Fabric Softener
Don't Mix:**

Avoid using fabric softener because it coats the technical fabric and inhibits its wicking capabilities.

Best Bet:

Always check the care and content label for specific information on how to care for your gear.
